

## CPT Category II code additional reimbursements

Providers can earn up to an additional \$10 per member, per service on health and wellness services provided to our Healthy Blue members by documenting CPT<sup>®</sup> Category II codes in the medical record and submitting the information in your claims. The use of CPT Category II codes benefits the healthcare system by providing more specific information about healthcare encounters. This data can be used to help providers work more efficiently and effectively in the best interest of each patient.

Reimbursement for the administrative work and effort of completing and reporting CPT Category II codes can only be claimed once **per service, per member, per year**. It is earned by completing the criteria for billing the CPT Category II codes listed in *Table 1* included with this document, **including** the corresponding diagnosis codes.

CPT Category II codes eligible for reimbursement must be billed with one of the following outpatient visit codes: 99202-99215.

### What is a CPT Category II code?

- A CPT Category II code provides more detailed information about the clinical service(s) performed.
- CPT Category II codes are billed similar to the way your office bills for regular CPT codes and are placed in the same location on the claim form.

### Benefits of using CPT Category II codes include:

- A reduction in the need for Healthy Blue to review your medical records by providing more detailed information through your claims submissions.
- Better tracking and management of patient care needs from the use of detailed information provided with the billing of CPT Category II codes.

### Next steps you need to take:

- Review the CPT Category II code billing opportunities in *Table 1* and set up your billing system to bill us for the codes when applicable.
- Ensure that you meet the criteria for recording and billing the CPT Category II codes in *Table 1* by matching the diagnosis codes and setting up your billing system to bill appropriately.

**Note:** All CPT Category II codes are eligible for payment only once per service, per member, per calendar year. Continuation of payment and payment rates for billing the CPT Category II codes in *Table 1* will be evaluated annually.

If you have questions about this communication, contact your local Provider Relations representative or call Provider Services at **833-405-9086**.

Healthy Blue is a Medicaid product offered by Missouri Care, Inc., a MO HealthNet Managed Care health plan contracting with the Missouri Department of Social Services. Healthy Blue is administered statewide by Missouri Care, Inc. and administered in the Kansas City service region by Missouri Care, Inc. in cooperation with Blue Cross and Blue Shield of Kansas City. Missouri Care, Inc. and Blue Cross and Blue Shield of Kansas City are both independent licensees of the Blue Cross and Blue Shield Association.

Take advantage of this great revenue opportunity by enhancing your billing processes. Thank you for delivering health and wellness care to our members.

Sincerely,

Provider Relations Department  
Healthy Blue
