Disclaimer

These reimbursement policies serve as a guide to assist you in accurate claims submissions and to outline the basis for reimbursement if Healthy Blue covered the service for the member's benefit plan. The determination that a service, procedure, item, etc. is covered under a member's benefit plan is not a determination that you will be reimbursed. Services must meet authorization and medical necessity guidelines appropriate to the procedure and diagnosis as well as to the member's state of residence.

You must follow proper billing and submission guidelines. You are required to use industry standard, compliant codes on all claim submissions. Services should be billed with Current Procedure Terminology® (CPT) codes, Healthcare Common Procedure Coding System (HCPCS) codes, and/or revenue codes. These codes denote the services and/or procedures performed and, when billed, must be fully supported in the medical record and/or office notes. Unless otherwise noted within the policy, our reimbursement policies apply to both participating and non-participating professional providers and facilities.

If appropriate coding/billing guidelines or current reimbursement policies are not followed, Healthy Blue may:

- Reject or deny the claim.
- Recover and/or recoup claim payment.
- Adjust the reimbursement to reflect the appropriate services and/or procedures performed.

These reimbursement policies may be superseded by mandates in provider, state, federal, or Centers for Medicare & Medicaid Services (CMS) contracts and/or requirements. Healthy Blue strives to minimize delays in policy implementation. If there is a delay, we reserve the right to recoup and/or recover claims payment to the effective date in accordance with the policy. We reserve the right to review and revise these policies when necessary. When there is an update, we will publish the most current policy to the website.

Policy

Healthy Blue allows reimbursement for a corrected claim when received within the applicable timely filing requirements of the original claim unless provider, state, federal, or CMS contracts and/or requirements indicate otherwise.

The corrected claim must be received within the timely filing limit due to the initial claim not being considered a clean claim. In the absence of such mandate, we follow the standard of within 365 days of the date of service for participating and nonparticipating providers and facilities.

Providers resubmitting paper claims for corrections must clearly mark the claim **Corrected Claim**. Corrected claims submitted electronically must have the applicable frequency code. Failure to mark the claim appropriately may result in denial of the claim as a duplicate.

Corrected claims filed beyond federal, state-mandated, or company standard timely filing limits will be denied as outside the timely filing limit. Services denied for failure to meet timely filing requirements are not subject to reimbursement unless the provider presents documentation proving a corrected claim was filed within the applicable filing limit.

Healthy Blue reserve the right to waive corrected claim filing requirements on a temporary basis following documented natural disasters or under applicable state guidance.

Note: Corrected claims must be submitted separately for each member and episode of care and cannot be accepted by batch, bulk, or packaged submissions.
