### Disclaimer

These policies serve as a guide to assist you in accurate claims submissions and to outline the basis for reimbursement if the service is covered by a member's Healthy Blue benefit plan. The determination that a service, procedure, item, etc. is covered under a member's benefit plan is not a determination that you will be reimbursed. Services must meet authorization and medical necessity guidelines appropriate to the procedure and diagnosis as well as to the member's state of residence. You must follow proper billing and submission guidelines. You are required to use industry standard, compliant codes on all claim submissions. Services should be billed with CPT® codes, HCPCS codes, and/or revenue codes. The codes denote the services and/or procedures performed. The billed codes are required to be fully supported in the medical record and/or office notes. Unless otherwise noted within the policy, our policies apply to both participating and nonparticipating providers and facilities.

If appropriate coding/billing guidelines or current reimbursement policies are not followed, Healthy Blue may:

- Reject or deny the claim.
- Recover and/or recoup claim payment.
- Adjust the reimbursement to reflect the appropriate services and/or procedures performed.

These policies may be superseded by mandates in provider or state contracts, or state, federal, or CMS requirements. System logic or set up may prevent the loading of policies into the claims platforms in the same manner as described; however, Healthy Blue strives to minimize these variations.

Healthy Blue reserves the right to review and revise its policies periodically when necessary. When there is an update, we will publish the most current policy to our provider website.

### Policy

Healthy Blue allows reimbursement of nonelective and medically necessary hysterectomy procedures for covered members unless provider, state, federal, or CMS contracts and/or requirements indicate otherwise. Reimbursement is based on the applicable fee schedule or

Healthy Blue is a Medicaid product offered by Missouri Care, Inc., a MO HealthNet Managed Care health plan contracting with the Missouri Department of Social Services. Healthy Blue is administered statewide by Missouri Care, Inc. and administered in the Kansas City service region by Missouri Care, Inc. in cooperation with Blue Cross and Blue Shield of Kansas City. Missouri Care, Inc. and Blue Cross and Blue Shield of Kansas City are both independent licensees of the Blue Cross and Blue Shield Association.

contracted/negotiated rate and receipt of a valid consent/acknowledgement of hysterectomy form.

Healthy Blue considers reimbursement for a hysterectomy only when the following criteria are met:

- The hysterectomy is medically necessary to treat an illness or injury.
- The member has given informed consent.
- The member or authorized representative is fully aware that the hysterectomy will render the member permanently incapable of reproducing and has verbally and in writing expressed this understanding.
- The member or authorized representative has signed and dated an applicable state-approved consent/acknowledgement of hysterectomy form. The form is required regardless of the member's diagnosis or age.

**Note:** If the member was already sterile before the hysterectomy or if the individual required a hysterectomy because of a life-threatening emergency situation in which the physician determined that prior consent/acknowledgement was not possible:

- The consent/acknowledgement of hysterectomy form with the physician's certification will be required.
- The member's informed consent/acknowledgement of hysterectomy will not be required.

Claims for professional and/or facility services for a hysterectomy submitted without the valid informed consent/acknowledgement of hysterectomy form may be rejected or denied. A valid consent/acknowledgement of hysterectomy form has to be properly executed and include all required signatures:

- Member, except as noted
- Person obtaining the member's consent
- The physician performing the hysterectomy

If a hysterectomy is performed in conjunction with a delivery, then multiple surgery guidelines apply. (Refer the Healthy Blue Multiple and Bilateral Surgery policy.)

### **Nonreimbursable**

Healthy Blue does not allow reimbursement of a hysterectomy in the following circumstances:

- The hysterectomy is performed for the sole purpose of rendering the member permanently incapable of reproduction.
- There is more than one reason for the hysterectomy, but the primary reason is to render the member permanently incapable of reproduction.
- The hysterectomy is performed for the purpose of cancer prophylaxis.
